

Want to make your ensemble sound better but don't know where to start?

ABODA WA would like to invite you to our workshop where we aim to answer directors burning questions. How to identify problems? Which problems do I address first? What's the most efficient way to fix these problems?

We will be working through recorded examples of ensembles playing, and working together to identify what needs our attention first and how to best achieve this. We will be working through different levels of examples from Andrew Boysen Jr's book and then revealing his thoughts on each example.

This workshop aims to give directors of all levels, more confidence, tools and tips to make the most out of your rehearsals!

Date: Monday 24th November

Time: 4:00pm-6:00pm

Location: Room 3: Instrumental Music School Services: 150 Guildford Road, Maylands
